

# bp's contribution to South West England in 2025

Analysis and modelling by Oxford Economics

## Economic contribution

bp supported a contribution of around £460 million gross value added (GVA) to the economy of the South West. This was approximately £1 in every £420.

## Overall spend with suppliers

bp spent £73 million with suppliers in the South West in 2025, £58 million of which was operational spending and £15 million was capital expenditure.\*

2025 saw spending across a variety of sectors, with the largest recipients being £23 million with manufacturing and £13 million with professional services.

## Supporting jobs

bp supported an estimated 3,100 jobs across the South West, comprising its direct workforce and jobs indirectly supported through supply chain expenditure.

## Delivering quality services

There were 95 bp-operated and dealer-operated retail sites in the South West offering quality fuels and convenience. 51 sites offered bp pulse ultra-fast and rapid EV charging.

## Spotlight on social investment

As part of our funding of We Are Futures, bp supports teachers and students across the UK through Energising Futures, which provides free, curriculum-aligned science resources. In South West England in 2025, 814 teachers across 615 schools used the programme, reaching an estimated 58,600 students indirectly.
