

bp's contribution to the East Midlands in 2025

Analysis and modelling by Oxford Economics

Economic contribution

bp supported a contribution of around £280 million gross value added (GVA) to the economy of the East Midlands. This is approximately £1 in every £520.

Overall spend with suppliers

bp spent £33 million with suppliers in the East Midlands in 2025, £28 million of which was operational spending and £5 million was capital expenditure.

2025 saw spending across a variety of sectors, with the largest recipients being £14 million with manufacturing and £10 million with professional services.

Supporting jobs

bp supported an estimated 1,900 jobs across the East Midlands, comprising its direct workforce and jobs indirectly supported through supply chain expenditure.

Delivering quality services

There were 105 bp-operated and dealer-operated retail sites in the East Midlands offering quality fuels and convenience. 168 sites offered bp pulse ultra-fast and rapid EV charging.

Spotlight on social investment

Volunteering plays an important role in bp's support for communities, with employees backing 337 projects, contributing over 39,500 hours and donating more than £1 million including matched funding from the bp Foundation in the UK in 2025. At Loughborough University, bp volunteers partnered with EnergyzBlack to help deliver an Assessment Centre Masterclass that students described as highly motivating and valued for the opportunity to engage with role models from organizations they aspire to join.
