

Argos

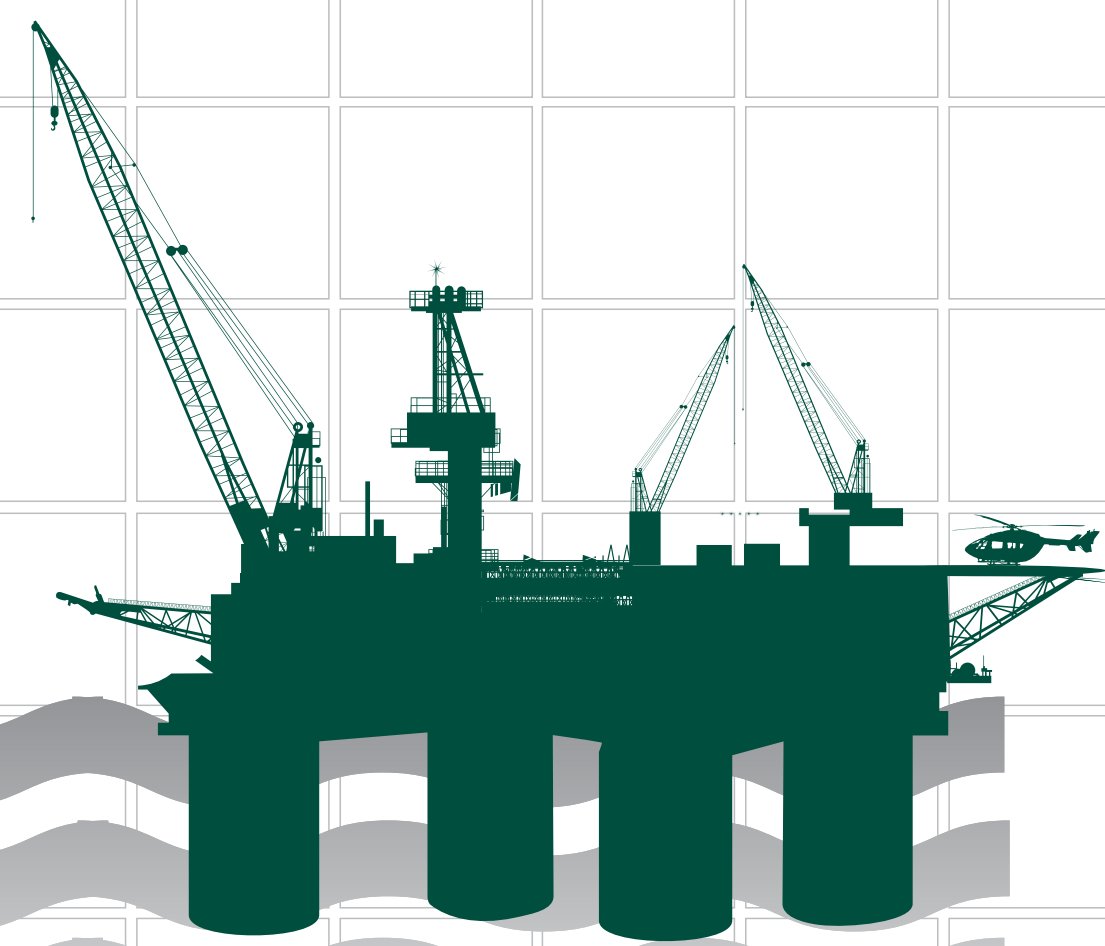

Mad Dog Phase 2

Location
Nearly 200 miles south of New Orleans

Operator
bp (60.5%)

Co-owners
Woodside (23.9%) and Unocal (15.6%)

The Argos platform is **the centerpiece** of bp's Mad Dog 2 project in the Gulf.

Operates at a water depth of

4,500 ft

Nearly 15x taller than the Statue of Liberty

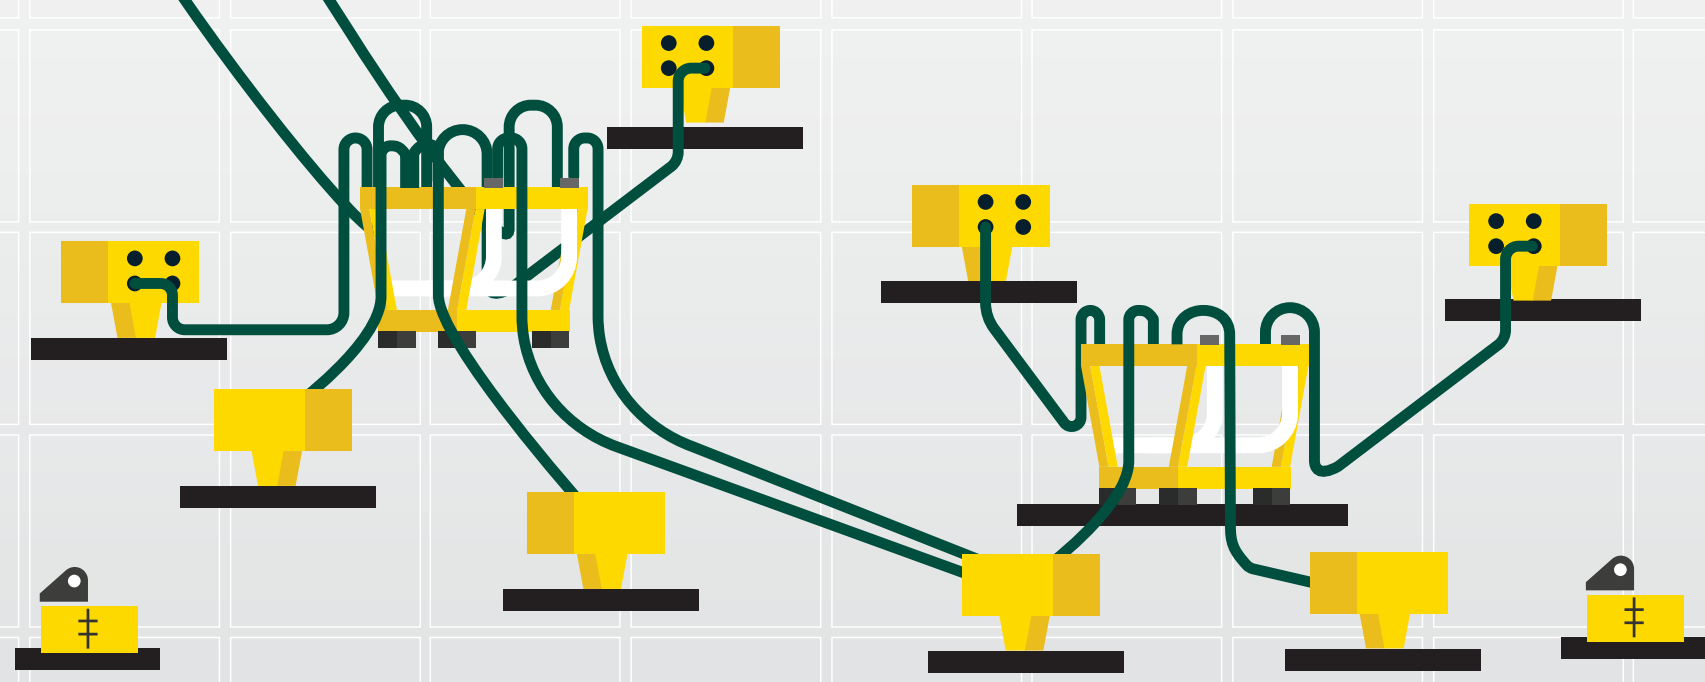

Energy demand continues to grow, and **we are increasing our investments** in oil and gas.

As an integrated energy company, we are focused on growing production – always maintaining strong and safe operations. Argos allows bp to access and deliver barrels that **provide the energy the world needs.**

Argos is expected to produce up to

140K barrels

of oil a day through a subsea production system

A deck the length and width of an American football field

Delivered **15.5M** Argos work hours with **world class safety performance**

6 Nautical miles from the original Mad Dog spar
