

Atlantis

Location
150 miles south of New Orleans

Operator
bp (56%)

Co-owners
Woodside (44%)

The Atlantis platform is bp's **deepest** moored floating platform in the Gulf.

Operates at a water depth of

7,074ft

That's 5x the height of Empire State Building.

Energy demand continues to grow, and **we are increasing our investments** in oil and gas.

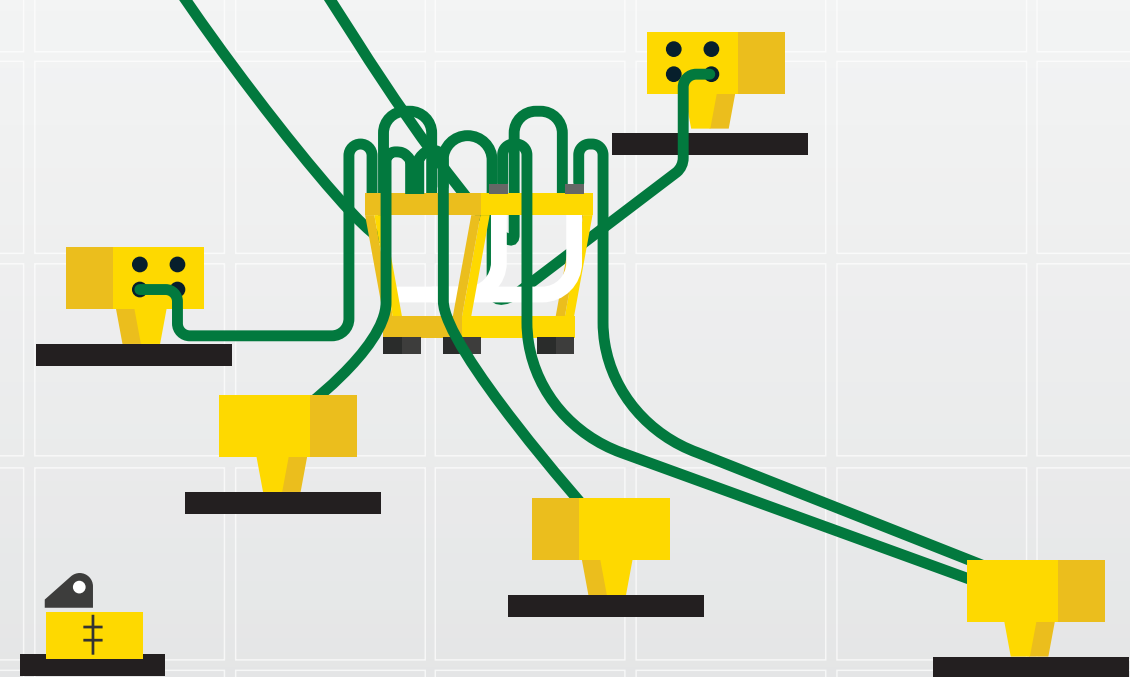

As an integrated energy company, we are focused on growing production – always maintaining strong and safe operations. Atlantis allows bp to access and deliver barrels that **provide the energy the world needs.**

Can produce up to

200K barrels

of oil per day

That's enough to fuel

every taxi

in New York City for more than 2 weeks.

It can also produce up to 180 million cubic feet of gas per day.

161,163sqft

Has main deck area big enough to hold 2 regulation soccer fields
