

Mad Dog

Location
100 miles south of Grand Isle, LA

Operator
bp (60.5%)

Co-owners
Woodside (23.9%), Chevron (15.6%)

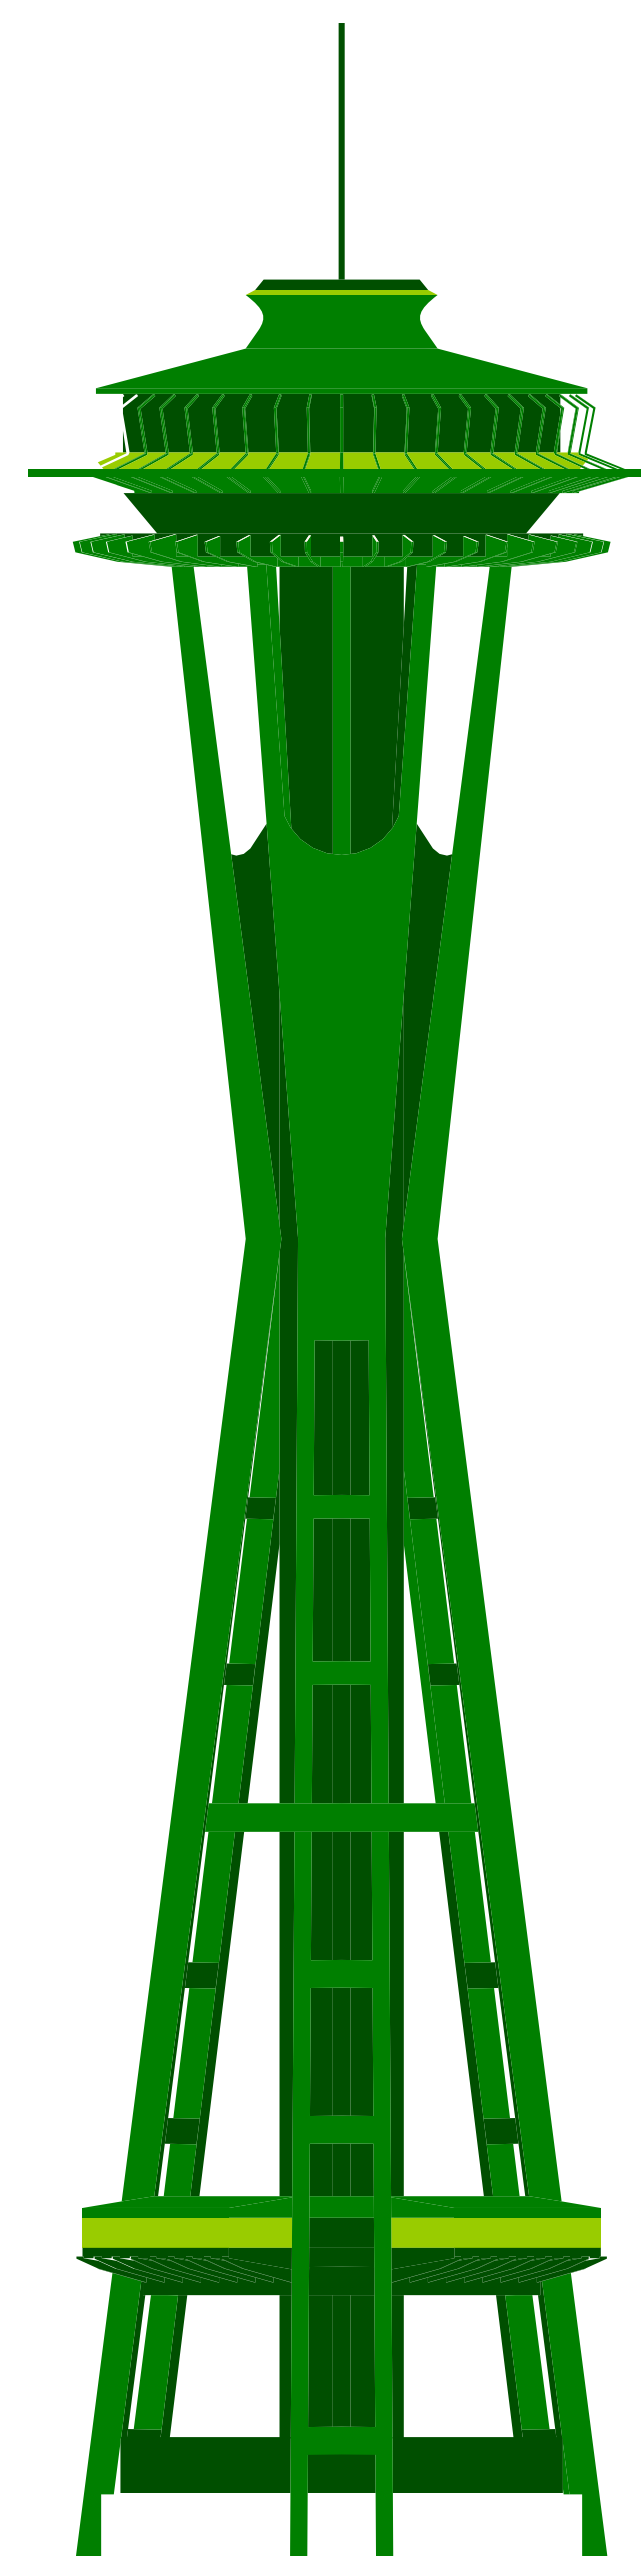

The massive Mad Dog is bp's **only floating spar facility** in the Gulf, the bulk of its 550 foot-long single column sits under the water.

Operates at a water depth of

4,500 ft

That's more than **7x** the height of the Seattle Space Needle.

Resilient and focused hydrocarbons are a critical piece of our strategy.

Atlantis allows bp to access and deliver barrels that **provide the energy the world needs**, and generate the cashflow to fund our transition to an integrated energy company.

96,000 sqft

Has main deck area big enough to fit **44** average U.S. homes

Can produce up to

100K barrels of oil per day

That's enough to fuel

every mile

of the U.S. Interstate highways

700 x

It can also produce up to 60 million cubic feet of natural gas per day.
